EDUCATION

Engineer's degree Information Technology (High Quality Program)   **Jan 2016 - Apr 2021**
CAN THO UNIVERSITY

PROJECTS

Personal Portfolio Website (https://minhduong.vercel.app/)   **Dec 2023 - Dec 2023**
I designed and built a personal portfolio website using React, Tailwind CSS, and TypeScript. The website is responsive, making it accessible on various devices.

Key Features:
- **Modern Technologies:** Used React for a smooth user interface, Tailwind CSS for consistent design, and TypeScript for code reliability.
- **Responsive Design:** Ensured a great user experience on different devices with a mobile-first approach.
- **Project Showcase:** Highlighted key projects with detailed descriptions, images, and links.
- **Skills Display:** Showcased a proficient skill set achieved through practical experience.

Achievements:
- **Individual Project:** Conceptualized, designed, and implemented the website independently in just two weeks.

Technologies Used:
React, Tailwind CSS, TypeScript, HTML, CSS, Git, Firebase

Outcome:
The portfolio website effectively represents my skills and achievements, providing a comprehensive overview for potential employers and collaborators.

LANGUAGES

Vietnamese (Native proficiency) • **English** (Professional working proficiency)
